Charlene - Thank you so much for your service to Anita and to many others. Anita loved all of you guys and always had the best stories to tell about how good you all were to her and all of the wonderful people she met through her rides. She was a people person and loved to talk and meet new people as you well know. We appreciate everything you all did for her and we pray your continue to bless others who continue to need your services. We were so proud of her too. Her little fur-babies are all being taken care of by neighbors and I believe she helped to instill a love for those little cats in all who witnessed her love for them. We will never stop missing her or feeling a part of our heart is missing, but we have such peace knowing we will see her again in Heaven! God Bless you!

“ *Enjoyed many enjoyable rides with Anita to medical appointments - serious conversations and hilarious stories. The last ride was cancelled because she was hospitalized. She had a determined spirit and a living heart for friends, neighbors and, especially, family.*

*Mr. Webb - We have heard so much about you and it was such a pleasure to finally get to meet you yesterday at Anita's service. Thank you so much for stopping by. I can only imagine the funny stories she shared with you...lol. We appreciate you and your service to Anita and we pray you will continue to bless others who have the same need as Anita did. She was a fighter and the strongest lady I may have ever had the pleasure of knowing. She taught me a lot and I know others who have had the pleasure to be in her presence can say the same thing. Thank you for everything you did for her and for being her friend. God bless you!*

*Thank you, Mom! I never saw her what she didn't ask about you and Poppy. And, yes, she always had a smile on her face and kept that smile up until the very end. I am so happy you all got to share the helicopter ride together too as well as you picking her up and taking her back home that day. I can tell you she loved getting to spend that time with you so much. She loved you and Tommy and I are grateful for the loving relationship our mothers shared with one another. Together too much though and you all would've been double-trouble and we would've had to turn Candace loose on you both...lol! Thank you for loving her! We love you and God bless you!*

*Dorothy - We cannot thank you enough for what you meant to Anita. Yes, you were her caregiver but you were also her friend and that means the world to us. Your companionship to her and just sitting and talking to her and listening to her was more beneficial than you may realize. She loved you and that was evident. You were a blessing to her and I know she was a blessing to you as well. It has been my pleasure getting to know you through Anita and we will forever be grateful to you for all you meant to her. God bless you!*
