“ I just learned about Teresa at 9 o'clock Thursday night so too late to attend the service. I have such fond memories of her as a student at Mary Hughes and the times I would see her in the years since and how warm and friendly she was. Will remember all her special family in the days ahead

“ Teresa, I will always remember you in the best way. I will remember you as one of the people that cared most for me and just the way i was. I wish so badly that our families could have gotten together at least every year. Or, i wish you and yours could come visit mine so you could see my step-children and our grandbabies! I KNOW you would just adore them...just like all children you treated and laughed with. I was a lucky one to be the age of Christa, and spend quite a bit of time with you too. I just wish it was a lot more. Levi was so glad to have met you at Dollywood. He really thought you were cool. I could tell he felt just like you were his family.. His AUNT! With only one meeting that day, you made an impression for sure. We wanted to come see you so bad. For a few reasons, it wasn't possible. I just hope you know how much I've always loved you! Always & Forever in our hearts sweet lady!
